

# Instructions for Adding Videos to the modules

Login to website. Go to the page where you want to add the videos.

Click on the Gallery module top one blue cog and click Manage Content

Then Click the Video Section

then click on Sales Video full

Then Click Video

Where it says Video URL type in the address of the video <https://youtu.be/>?

Video Title you can put in Sales Video for 2017 Sale

Then click add

Then click Open Editor

You will see a section saying embedded video code

Right at the end of the link before the inverted commas you add. ?rel=0

Then you click Save

Then Exit

It should then appear on the page at the top.
